## Year-To-Year Budget Notes

Drew Elementary School's initial formula allocation is \$4,103,918. This is a decrease of \$41,123 compared to last year. School budgets are primarily driven by two factors: enrollment and unique student need. In SY2020-21, Drew's projected enrollment was 229. In SY2021-22, the school's projected enrollment is 223, a decrease of six students. Due to changes in self-contained programming, Drew will house one additional self-contained special education classroom, resulting in an increased allocation of staff members. The SY2021-22 budget does not include designated funding for Extended Day. Schools may choose to use their flexible funds (e.g., administrative premium) or stimulus funds to support learning outside of traditional school hours. Based upon DCPS' school mental health allocation model, which considers individual student service needs (e.g., special education and 504 service hours), as well as specialized programming, the school is receiving 0.5 additional social workers. To support the school's ongoing improvement efforts, Drew is receiving \$112,569 in Chancellor's Initial Budget Assistance. This brings the total SY2021-22 initial allocation to \$4,216,487.

NEW: Drew will also receive additional stimulus funding in the approximate amount of \$185,083 to provide supplemental services to accelerate learning recovery and support students' social-emotional development. These funds are not included in the initial formula allocation total.
