Year-To-Year Budget Notes

Dunbar High School's initial formula allocation is \$11,112,061. This is an increase of \$515,153 compared to last year. School budgets are primarily driven by two factors: enrollment and unique student need. In SY2020-21, Dunbar's projected enrollment was 646. In SY2021-22, the school's projected enrollment is 662, an increase of 16 students. As a result, Dunbar is receiving two additional general education teachers. Due to a change in the number of students receiving specialized instruction services and the hours of instruction prescribed in their Individualized Education Programs (IEPs), Dunbar requires one additional inclusion teacher, resulting in an increased allocation of staff members. Based upon DCPS' school mental health allocation model, which considers individual student service needs (e.g., special education and 504 service hours), as well as specialized programming, the school is receiving one additional psychologist and one additional social worker.

NEW: Dunbar will also receive additional stimulus funding in the approximate amount of \$406,377 to provide supplemental services to accelerate learning recovery and support students' social-emotional development. These funds are not included in the initial formula allocation total.
